

different process.” In accordance with this direction to Examiners, the Examiner should not have required restriction between Groups 1 and II in this application since the methods of Group II are on their faces “specially adapted” for the manufacture of the products of Group I. Under 37 CFR 1.75(b)(1), the Examiner may not find a lack of unity of invention if the claims in the application are drawn to a product and a process specially adapted for the manufacture of the product.

In accordance with the foregoing, early Action examining all of the claims together in this application is respectfully requested.

In the event that the transmittal letter is separated from this document and the Patent and Trademark Office determines that an extension and/or other relief is required, applicants petition for any required relief including extensions of time and authorize the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to Deposit Account No. 03-1952 referencing 360842012100.
